"Home is Where the Heart Care is"

A Presentation about our New and Improved Heart Program

**Thursday, February 17, 2011, 6–7:30 p.m.
Marin General Hospital Conference Center
250 Bon Air Road, Greenbrae, CA 94904**

Heart disease affects over 60 million Americans. Fortunately, some of the best cardiovascular care is available right here in Marin County. At this panel presentation, experts from our Haynes Cardiovascular Institute will discuss our new technologies, treatments, clinical trials, and published outcomes. You'll also learn about our collaborative approach to care, and get updates on our Electrophysiology Lab, Accredited Chest Pain Center, and Emergency Department. Don't miss this chance to get better informed about the advanced state of heart care at your community hospital.

Agenda

How Good are We? Current treatment and outcomes data for heart attack, chest pain, angioplasty, and heart surgery

Brian Strunk, MD, Chief of Cardiology (Cardiology, Interventional Cardiology)

Cardiac Electrophysiology: New technology, new equipment, and new outcomes data for atrial fibrillation, palpitations, and arrhythmia

Sujoya Dey, MD, Medical Director, Electrophysiology (Cardiac Electrophysiology)

Panel Moderator

David Sperling, MD, Medical Director, Haynes Cardiovascular Institute (Cardiology)

Additional Panel Participants

Jim Dietz, MD, Medical Director, Emergency Department (Emergency Medicine)

William Teufel, MD, Medical Director, Marin County EMS
