

COMMUNITY MEETING

Get a ground-floor look at construction plans for the new Marin General Hospital.

Plans are underway to build a new, state-of-the-art hospital that meets the state's seismic requirements. Marin General Hospital is a vital health care resource and we want to ensure that it will be there for us when we need it.

As the publicly elected entity that oversees the operation of Marin General Hospital, Marin Healthcare District invites you to an informative meeting and Q&A with the project manager and architects responsible for designing the new hospital. Join us to learn more about our plans.
